Bear left along the track, signposted Windrush Way down to another gate. Follow the track as it turns left and goes through an abandoned farm C. Turn left and carefully walk along the lane for 50 metres (cars tend to be driving quickly) and turn right along a private tarmac lane, through a field gate and follow the lane downhill. Continue downhill and near the bottom turn right above Park’s Farm F along a stony track. Go through a field gate to rejoin the private lane, turn right and follow the lane for approx ½ mile (0.8km).

Before farm buildings turn right along a track and continue until you meet a lane. Turn right and after 20 metres turn left G through a gate and follow the path downhill to a footbridge and gate. Go through and turn right to follow the right hand field boundary for approx 200 metres to the corner of the field, turn left and follow the field boundary down to a gate in the corner.

Continue ahead along a track for approx 30 metres and look for a gate on your right slightly hidden by the hedge; go through the gate to enter pasture land H.
